

Trade Spotlight: Spreads - Frequently Asked Questions

1. What is the Trade Spotlight: Spreads?

The Trade Spotlight: Spreads is a commodity trading advisory. It's an email based service providing specific futures spread trade recommendations based on the GBE trading methodology.

2. What is the Greatest Business on Earth (GBE)?

GBE is a company dedicated to the education of futures and options traders by providing quotes and charts, trading strategies, market commentary and educational videos.

3. What do I receive with the Trade Spotlight: Spreads?

You get a precise trading plan from entry to exit. It includes specific entry price, defined stop loss, target and real-time trade management. In addition, you'll see the rationale behind the trade setup, *so you can learn as you trade*.

4. Which markets does it trade?

The trade advisory covers over 30 futures markets spanning 8 market sectors. It provides diversified trading opportunities in both the financial and physical commodity markets.

5. How many trades can I expect?

There are potentially 0-4 new trade recommendations per month based on the trading methodology and market conditions.

6. What can I expect for emails?

The Trade Spotlight: Spreads consists of three parts. First, the Trade Setup emails present new spread trade recommendations. These will be sent out late afternoon or early evening to be acted on in the next session. Second, the Trade Management emails tell you when to tighten stops or take profits. Trade Management emails will normally be sent out in the afternoon, but may occasionally be sent out during the trading day if needed. Lastly, the Monthly Summary email recaps the month's trading activity and is sent out on the last trading day of the month.

7. How much does this service cost?

There is no cost for the advisory service and available only to clients of Daniels Trading.

8. How do I gain access to the Trade Spotlight: Spreads?

Establish an account to receive unlimited access; just contact your Daniels Trading broker to be set up. If you are not yet a client we do offer a free trial.

DISCLOSURE

Past performance is not necessarily indicative of future performance. The risk of loss in trading futures contracts or commodity options can be substantial, and therefore investors should understand the risks involved in taking leveraged positions and must assume responsibility for the risks associated with such investments and for their results.
